Perfect Rice

To make perfect rice with your Westinghouse CTChef™ Multi-Cooker you need to follow a few simple steps. The CTChef™ will do the rest.

Ingredients

- 1 cup basmati or white long-grain rice
- $\frac{3}{4}$ cup Water
- 1 tsp salt

Directions

1. Measure the rice and pour into a strainer. Wash the rice under running cold water until it runs clear. Shake off the water and place the rice into the CTChef Multi-Cooker.
2. Add half a teaspoon of salt and the cold water, stir and cover.
3. Press MENU button until the “—” points to “Rice”.
- 4.

Chef Rick Tip

If you want more flavorful rice try substituting the water with chicken, vegetable or beef stock! Save unused rice in a covered container in your refrigerator, then use in other recipes throughout the week.
